

Take the lead to Stop AIDS and sign the [Leadership Pledge NOW](#)

*01 Dec World Aids Day (WAD) message from*

**The Norwegian Confederation  
of Trade Unions (LO-Norway)**

LO-Norway will continue to combat HIV/Aids. We pledge to continue campaigning against discrimination at the national and global level with a special focus on the work place, and for universal access to treatment.

HIV/Aids has been on the national agenda for 2008 in LO-Norway's Family- and Equal Opportunities Council. We will continue to combat HIV/Aids in cooperation with health care authorities and others. We will continue to include the fight against HIV/Aids in our international work in cooperation with our international trade union sisters and brothers.
